Citizens Wealth Platform acknowledges the financial and secretariat support of Centre for Social Justice towards the publication of this Capital Budget Pull-Out

PREFACE

This is the third year of compiling Capital Budget Pull-Outs for the six geo-political zones by Citizens Wealth Platform (CWP). The idea is to provide information to all classes of Nigerians about capital projects in the federal budget which have been appropriated for their zone, state, local government and community. There have been several complaints by citizens about the large bulk of government budgets which makes them unattractive and not reader friendly. Yes, it is difficult to wade through a maze of figures in a 2000 page document laden with accounting codes and numeric language. With this simplification in the Capital Budget Pull-Out, citizens and civil society groups are therefore expected to follow up and monitor the implementation of these projects to determine whether they are implemented according to schedule and specifications and whether value for money has been mainstreamed. States and local governments where these projects are located should also be interested in the outcome of their implementation. Political parties that have won elections and formed governments will also find this document helpful if they want to independently track the achievement of their men and women in power.

Democracy is not about casting votes and going to sleep. It is about vigilance, a people's work in action and the ability to engage the agencies of state in a dialogue for development. It is also about guaranteeing development and the people preferences in terms of the activities, projects and programmes that will take the society to the desired destination. Therefore, every hand ought to be on deck to ensure that elected and appointed officials and career civil servants discharge their capital budget duties according to established laws, policies and processes.

CWP urges that this document be widely circulated to all nooks and crannies of Nigeria. Everyone should feel free to download and share with others. Hard copies are also available at the secretariat and will be made available upon request. As we go into the 2015 elections, it is imperative for citizens to determine the performance of key political actors and institutions. If at the end of the day, this Pull-Out succeeds in helping citizens to hold the federal government accountable to its promises in the budget, then we would have achieved a key objective.

Eze Onyekpere Esq

Facilitator

**2014 FG CAPITAL BUDGET PULL-OUT FOR SOUTH-WEST
EKITI STATE**

MINISTRY, DEPARTMENT AGENCY, (MDA's)	PROJECT DESCRIPTION	LOCATION	AMOUNT
