INTRODUCTION

Budgets are crafted and approved for the objective of implementing policies and plans. Ultimately, the budget is meant to touch lives, improve livelihoods, promote a higher standard of living, grow the economy and enhance development. For this to happen, policy makers in the executive and legislature, citizens, businesses, households, communities and their organisations need to collaborate to prepare as well as to implement the budget. But the beginning point in implementation is citizen's access to information on what has been provided in the budget. Budget projects have designated beneficiaries and the proposed beneficiaries need to know the specific provisions and the qualifying criteria to become an actual beneficiary of public interventions.

This Pullout is produced to provide information to Small Scale Women Farmers of provisions in the 2021 Anambra State Budget containing projects which may be of interest and benefit to them. This Pullout therefore serves a couple of purposes. Beyond providing information, it will assist women farmers to hold MDAs to account for the expenditure of state resources. It is also an empowering tool, an advocacy tool based on empirical evidence that tells women farmers of the possibility of engaging MDAs at the budget preparation stage so that their voices can be heard in specific projects that will improve their productivity. It is a call for increased budgetary allocations to activities specifically targeted at Small Scale Women Farmers.

Small Scale Women Farmers Organization in Nigeria (SWOFON) in collaboration with Centre for Social Justice (CSJ) and the SPARK initiative of the International Budget Partnership presents this Pullout as a tool for strategic engagement of the 2021 Anambra State Agriculture Budget.
